The Glide-Out Rack enables easy and convenient access to all your blueprint files, artwork, or job jackets. These heavy-duty racks, with drawer-like slide in/out action, can be mounted just about anywhere to save space and your back. No bending or stooping necessary!! They are designed to be side-mounted to the underside of work surfaces and are great for contractors.

Available in 18" to 48" widths. All units are custom-made to fit your needs. Simply furnish the inside dimensions of your cabinet and we will custom-make the rack to fit your needs. Shelving and cabinets shown are sold separately. Please call for pricing. Optional adapter brackets to fit Glide-Out in four post file shelving are available. Rack prices do not include print hangers or jackets. See our [Poly Hangers](#), [Metal Hangers](#), [Heavy-Duty Tag jackets](#), and [See-Thru Vinyl jackets](#) pages for sizes & pricing. Other rack sizes are available. Call for details. Rack capacity averages 3 poly hangers per inch and 2 aluminum hangers per inch including space for finger room.
